D2784 10-Pc. Bi-Metal Hole Saw Set

Steelex Plus Bi-Metal Hole Saws

Bi-metal hole saws stay sharper longer than carbon steel hole saw, and since they have tough high speed steel alloy cutting teeth bonded to a welded steel body, they cut through wood, metal and plastic with ease. Always in demand, this complete assortment of sizes is popular with carpenters, plumbers, electrician's and home do-it-yourselfers. Arbors sold separately.
