

PLANERS

Shop Fox 13" Heavy-Duty Planer

For years professional woodworkers have depended on the essential functions surface planers provide. Whether used to mill unique rough cut lumber or to prepare consistently thick boards for edge joining, the surface planer opens a world of possibilities for creativity and versatility. With the Model W1675, Shop Fox makes it easier for everyone to enjoy the benefits of a surface planer. Features include a material removal gauge, a depth setting gauge, a head lock, and double edge quick change knives.

Shop Fox 15" Planers with Stationary Tables

This 15" planer is built to make planing easy. The powerful 3 HP motor drives through hardwood with 15,000 cuts per minute and the feed rollers feature two speeds to ensure smooth cuts in any wood. The stationary table means that the feed table heights never need to be adjusted, and the 4" dust port, when hooked to a dust collector, keeps the mess to a minimum. Set this heavy-duty planer up in the shop and get ready to work.
